BAS FBXP 0610

FNPT II SIMULATOR

Standard Equipment

Standard equipment BAS FBXP 06/10

Cockpit parts/components

1	Cockpit main frame	1
2	Cockpit plastic elements (set)	1
3	Pilot seats	2
4	Main panel with equipment	1
5	Circuit braker	6
6	Tecnam P2006T Switches	21
7	Tecnam P2006T Fuel selector knobs	2
8	Tecnam P2006T engine starter buttons	2
9	Tecnam P2006T Landing gear lever	1
10	Tecnam P2006T Flaps selector	1
11	Tecnam P2006T Yoke	1
12	Throttle lever (replica)	1
13	Autopilot S-tec 55 (replica)	1
14	Brunner 1000 audiopanel	1
15	Brunner 1000 PFD	1
16	Brunner 1000 MFD	1
17	Replica compass	1
18	Emergency gear extension panel and valves	1
19	FTD YOKE loading system	1
20	FTD RUDDER loading system	1
21	Overhead panel with upper lights	1
22	Fan	1
23	Smoke generator	1
24	Driver	1
25	Gateway	1
26	Cockpit monitoring camera	1

Screen and display parts/components

1	Screen 3m diameter x H250cm, approx 220 deg	1
2	Optoma laser projectors	3
3	Projector frame	1

Instructor room parts/components

1	Touch screen monitor	2
2	USB desk charger 5V	2
3	Desk socket 230V	2
4	Upper lights	1
5	Instructor chair	1
6	Instructor desk	1
7	Monitoring camera	1
8	Emergency button	1

Computer Station parts/components

1	Display computer (view)	1
2	Server computer (main)	1
3	B1000 computer	1
4	Router mikrotik	1
5	Video recorder	1
6	Voltage switching regulator	1

Software Licence (Commerical use for pilots training)

1	X-plane 11 PRO usb dongle	2
2	Immersive display ultimate usb dongle	1
3	Windows 11 Pro	3
4	QTG tests	1
5	Instructor operating system	1
6	B1000 (avionic replica)	1

Documentation

1	Operating manual 1	1
2	2 QTG Documention	1

Optional features/support *

No.	Description
1	Airac 4 x update / per year
2	Airports update / per 1 airport
3	MULTI-UPDATE / per year 4 x airac + 5 x airport
4	SIM SUPPORT / per year (Multi + Qtg support + remote support)

Voltage	230V
Minimum dimensions	W 474cm x L 347cm x H 310cm
Entrance dimensions	150x205 cm
Public-Static IP	1 address
Internet connection	100 Mb/s
Antistatic floor	Required
Current consumption (average / max)	1200 W / 3000 W
Humidity	40% to 70%
Socket 230v /C25 circuit breaker	1
Total weight	960 kg
Operating temperature	Recommended 16°C to 23°C
